His dam is a half sister to the International grand champion, Sni-A-Bar Control, by the noted Edellyn Campeon Mercury. Calrossie Supreme breeding has proven itself both in Scotland and in America and if you want to produce smooth, uniform Shorthorns with plenty of weight for age, substance and ruggedness, you will like this bull that we bought as a summer calf in the 1951 Highland View Farms sale.

MID-KANSAS SHORTHORN BREEDERS

Memo

THE BEST GROUP OF SHORTHORNS EVER OFFERED AT SALINA

The future of the Shorthorn business looks both healthy and promising. Demand and prices for good bulls this spring have been well above that of the past several years.

In the beef market right down to the butcher's block the accent is on quality right where it should be and where it always has been. Study this Salina offering carefully because it contains individuals with as powerful bloodlines as are being offered anywhere in the country. Here are cattle that carry the close-up breeding that is getting the job done not only in Kansas but around the nation.

It's the best time to buy females too and we have an especially choice selection here at Salina this spring.
